Dear Mr. Ambassador,

On several occasions in the past few months I have passed through London and I would be remiss if I did not mention to you the extraordinary skill and ability of Mr. Kevin Brennan of your Embassy in facilitating my passage through London Airport Customs and Immigration. His tact, discretion and effectiveness are beyond praise.

I would be most grateful if this acknowledgment of his outstanding service could be made a part of his official record. It is unique in my experience.

With every good wish and many thanks,

Faithfully,

/s/ Vernon A. Walters
